Free Campsites.net

A free, community driven website of free and inexpensive camping and boondocking locations in the US and Canada.

Each listing includes an interactive map and GPS coordinates. Pictures, peer reviews and ratings are also available.

*** Searching for a nice, secluded location to camp after you leave here?** Visit our site and find your next boondocking location!

*** Do you know of a site that isn't listed?** Add it! It's campers like you, that make the site great.

*** Have you been to one of the listed campsites?** Leave a review or comment! You can also see what others are saying about the location.
